Description

Get the best in speed and durability with the MOXOM MX-CB305 cable. Specifically designed for Apple users, this cable combines the power of Power Delivery charging with the soft touch and exceptional flexibility of TPE material for an unparalleled everyday charging experience. Fast Charging: Unleash your device's true speed. This cable lets you charge your iPhone from 0 to 50% in approximately 30 minutes when used with a USB-C PD charger. High-Quality TPE Material: Say goodbye to stiff cables. This cable features premium TPE material that makes it soft, flexible, and tangle-resistant, with reinforced connectors to prevent breakage. The Modern Connection for Apple and Android: The essential cable for connecting your iPhone, Samsung, iPad, or tablet to any modern charger, power bank, or computer with a Type-C port. Fast Syncing: In addition to its power, it offers fast and stable data transfer to sync your photos, music, and important files. Certified Safety: Charge with confidence. The cable is equipped with a certified smart chip to protect your device from overcurrent and overheating, ensuring your battery's safety. Choose the cable that combines powerful performance with everyday flexibility.
