Description

Stay on Point with ActiveTrack 6.0 – With upgraded tracking tech, OM 6 sticks to your energetic kids or playful pets like glue. You can even make it track yourself. Become the star of your own film without needing anyone’s help. Silky Smooth Shots with 3-Axis Stabilization – You know what ruins videos? Shaky footage. DJI OM 6 is here to help. This phone gimbal ensures super steady shots, even when you’re on the move. Say hello to buttery-smooth videos. So quick, So easy – This smartphone stabilizer powers on as soon as you unfold it. Just attach your phone, and you are ready to shoot. Catch that breathtaking sunset or your child’s smile without missing a beat. Lightweight, Compact, and Extendable – With a foldable design and weighing only 309g, this cell phone gimbal stabilizer is easy to take anywhere. Extend the built-in extension rod to get creative angles or the perfect selfie. Shoot Like a Pro, Even If You’re a Newbie – OM 6’s ShotGuides recognizes your scene and suggests a shot sequence. From romantic outings to picnics, follow the steps to easily create stunning films, even if it’s your first time. Use Side Wheel to Get Cinematic Effects – The side wheel gives you power over focus and zoom. Nail that cinematic blur or try a Hitchcock zoom for some dramatic flair. Up your video game and impress your friends with high-quality videos. The gimbal is compatible with iPhone 14/13/12/11 Pro Max Pro Plus XS Max XS, Samsung Galaxy Z Flip4, S23/S22/S21/S20, S23/S22/S21/S20 Ultra, Huawei P50/P40/P30 Pro Plus, Mate 50/40/30 Pro, and more.
