Description

The Green Lion GBK-Compact E-Scooter is a fashionable and elegant mobility solution for urban commuting. A 250W brushless motor and a 5Ah lithium-ion battery achieve a top speed of 25 km/h and a mileage range of 15-20km per charge. Equipped with a 36V system and charging time of 4-5 hours, it ensures consistent and reliable daily use. The GBK-Compact has 5.5″ wheels, a front fork suspension, and three gears for a smooth, stable ride. Security is enhanced with an electronic front brake and a rear pedal brake, while better visibility and use are afforded by a powerful 4W headlight and LED digital display. The detachable battery allows easy charging, and the strong frame supports up to 100kg. Equipped with a 15° climbing angle, this e-scooter has a versatility that is mind-perfect for city riders as a means of travel that’s so much more environmentally friendly.
