Description

The Green Lion Mini Refrigerator 22 offers 22 liters of cooling space and is built from excellent ABS plastic and metal. A seamless experience is promised while advanced dual-core technology offers effective cooling and an eco-friendly, low-noise design. You can easily monitor and change settings thanks to the transparent glass front and user-friendly digital temperature controls. Its interior is just as clever as its exterior: a removable door basket and shelf meet your storage needs, whether you’re keeping drinks, cosmetics, or breast milk. The K25A-2 function, a unique feature of the tiny refrigerator, enables dual usage in both homes and automobiles. Flexible AC/DC power cords ensure that your products stay cool no matter where you are. With its several protection elements, safety is of the utmost importance. Its modern style and handy carry handle make it a need for homes, offices, vehicles, and college dorm rooms. In the end, the Green Lion Mini Refrigerator 22 is a fashionable and useful addition to any setting, rather than just. Features Quiet & Eco-Friendly Compact & Portable Multiple Power Option Advanced Cooling Multi Protection Temperature Control Low Noise Advanced Dual-Core Cooling Removable Door Basket Removable shelf AC/DC Power Cords Glass Front & Digital Temperature Control sleek, compact and perfectly portable Cool Function, Warm Function, Energy Saving Perfect for Food, Drinks, Skincare, Beauty & Breast Milk For Bedroom & Car, Office Desk & College Dorm Room
