Description

The DJI Osmo Pocket 4P Standard Combo is a compact dual-camera 3-axis stabilized gimbal camera designed for creators who want professional-quality footage in a pocket-sized form. Featuring an enhanced 1-inch CMOS wide-angle camera and a dedicated 60mm medium-telephoto lens, it delivers exceptional image quality, cinematic depth, and outstanding versatility for both landscapes and portraits. Capture stunning 4K slow-motion footage at up to 240fps, benefit from up to 17 stops of dynamic range, and record in 10-bit D-Log 2 for maximum flexibility in post-production. ActiveTrack, intelligent autofocus, and advanced stabilization ensure smooth, sharp footage wherever your creativity takes you. DJI Osmo Pocket 4P Vlog Combo The DJI Osmo Pocket 4P Vlog Combo is the complete content creation package for vloggers, filmmakers, and social media creators. It includes all the capabilities of the Pocket 4P Standard Combo, along with essential accessories that make recording high-quality content effortless. Powered by a dual-camera system featuring a 1-inch CMOS wide-angle lens and a 60mm medium-telephoto lens, the Pocket 4P delivers cinematic 4K/240fps video, up to 17 stops of dynamic range, D-Log 2 recording, and industry-leading 3-axis mechanical stabilization. The Vlog Combo enhances your workflow with included accessories such as the DJI Mic Mini 2 Transmitter, Osmo FrameTap, Mini Tripod, Carrying Bag, and more—providing everything needed to capture professional-quality video and audio straight out of the box.
