Description

Key Features and Specifications FrameTap Remote: A detachable controller with a 1.4-inch touchscreen. It lets you start/stop recording, zoom, control gimbal movement, and frame your shots without touching the phone. ActiveTrack 8.0: Upgraded tracking software that allows the gimbal to follow people, pets, vehicles, and landmarks effortlessly. 360° Infinite Pan: Unlike older gimbals that limit your rotation, the Osmo Mobile 8P allows for continuous 360-degree horizontal spins. Built-in Rod and Tripod: Includes an integrated extension rod (up to 215mm) and sturdy, redesigned tripod legs. Battery: Delivers up to 10 hours of runtime and can charge your phone via USB-C while you record.
