## Description

HIGHLIGHTS:  12MP Sensor 4032 x 3024 Resolution Wide-Angle Lens 149° Diagonal Field of View Enlaps Tikee Mini Pack. The Tikee mini pack contains everything you need to install your camera and make professional timelapse videos. The Tikee mini camera is 100% autonomous and connected, and features an on-board GPS device. You can easily configure it with the Tikee Remote smartphone app, and find all your photos on the myTikee cloud platform!It's equally suited to indoor and outdoor shooting. For even more outdoor autonomy, add an external solar panel. You can add a myTikee Storytelling / Reporting / or Unlimited subscription and choose monthly or annual payment.
