Description

HIGHLIGHTS: The Oscar B60 backpack is specially designed for the phantom 4 and Phantom 3 Professional Advanced and Standard and other similar shaped drones. The E-Image video backpack is spacious and designed to carry many accessories. This new bag provides a convenient way to transport your equipment, whether you’re trekking or just going for a walk shooting video in the park. It is extremely light, but super durable with 600D and 420D Nylon water resistant material. -There custom designed dividers have the option to be customized for the DJI Quadcopter Drones and accessories. -Fully adjustable straps for both chest and back, with added foam padding for increased comfort during wear. -Side-open design for quick and easy access to contents. -Ample storage for extras like a tripod, water bottles, etc. -Flexible use of removable padded dividers applies to cameras.
