Product	E-Image ED380 Curved Slider
SKU	ED380
Brand	E-Image
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	$990.00
Available quantity	100

Description

HIGHLIGHTS: The ED380 Track Rail System is a versatile and convenient tool for capturing smooth and dynamic footage. This system includes a 4 meter straight track rail and a 3 meter curved rail, allowing for a total length of 6 meters. The track rails feature a screw-in mechanism, making it easy to set up and disassemble. This ensures that the pipes are firmly secured in place, providing stability for your camera movements. In addition to the track rails, the ED380 system also comes with a dolly that is compatible with various types of tripods. This allows for flexibility in your filming setup, making it suitable for a wide range of shooting scenarios. With the E-image ED380 Track Rail System, you can achieve professional-looking footage with ease and precision.
