Each light comes with a floor stand, and there's a kit case for easy transport and storage. Built-In Lighting Effects Nine system effects: Fireworks, fire, paparazzi, faulty bulb, TV, pulsing, cop car, lightning, and party lightsSeven pixel effects: Color fade, color cycle, 1-pixel chase, 2-pixel chase, 3-pixel chase, rainbow, and pixel fire DMX Functionality DMX control is available via the included USB-C to DMX adapters. DMX function adds 14 built-in DMX profiles and DMX loss behaviors. Create Multiple Shapes The shape combinations that can be created using the PT4c are endless, with the ability to use separately available splicing connectors to arrange the tubes in multiple 3D shapes. The PT4c can be combined with other PT-Series LED tubes.
