Product	DJI RC Plus Smart Controller For DJI Matrice 30 Series
SKU	DJI-RC030-Plus
Brand	DJI
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	$1,600.00
Available quantity	0

Description

HIGHLIGHTS: DJI RC Plus Smart Controller For DJI Matrice 30 Series.A revolutionary DJI flight control experience. DJI RC Plus is the new 7-inch widescreen remote control designed with commercial drone pilots in mind. The DJI RC Plus ensures maximum environmental adaptability with an IP54 waterproof and dust-proof rating and improved internals allowing the remote to operate in temperatures from -20°C to 50°C. Increased Range and Battery LifeExtra range and 4G functionality DJI RC Plus can be extended with the DJI Cellular Module to add 4G connectivity to supplement OcuSync 3 Enterprise. Four Antenna OcuSync 3 Enterprise allows for increased transmission range and 2 removable dual-antenna allow for maximum portabiliy when extended range is not required. 6 hours of battery life from the internal + external battery configuration, which also allows hot-swapping for seamless uninterrupted operations. Revamped flight interface to improve pilot efficiency and increase flight safety. The new redesigned interface for DJI Pilot 2 allows for one-tap access of drone and payload controls and clear presentation of flight details and navigation information allows for an improved user experiencec and increased flight efficiency. Pilot 2 works seamlessly with the DJI RC Plus and DJI M30 Drone. Screen-side and function buttons are all within reach and enable quick operations and the tap of a button, such as adjusting camera views and dropping PinPoints. A new comprehensive pre-flight checklist helps you quickly confirm your aircraft and flight parameters, allowing you to take off with confidence. New optimised interface displays home points, PinPoints and nearby obstacles to improve situational awareness and provide a complete picture of your operation.
