Description

HIGHLIGHTS: *Shown with Optional Equipment 3-Axis Stabilization - ActiveTrack 5.0 Quick Launch - Built-In Extension Rod Portable and Foldable - Easy Tutorials and One-Tap Editing Osmo Mobile 6 is an intelligent smartphone stabilizer packed with creative features. It's not only compact and easily foldable to fit in your palm, but also launches automatically once unfolded to capture shots at a moment's notice. Get dynamic angles and perfect selfies by using the built-in extension rod. A whole host of intelligent functions and guides are at your disposal. The DJI Mimo app facilitates efficient shooting, editing, and sharing, allowing you to catch every unforgettable moment. Smooth Operator: Follow - In Follow mode, the camera view follows the gimbal's pan and tilt movements and stays stable during rolls. This mode is great for shooting up, down, and diagonally. Tilt Locked - The camera view only follows the gimbal's pan movements and stays stable during tilts and rolls—ideal for shooting horizontally or moving around a subject. FPV - In FPV mode, all three axes of the gimbal follow the movement of the main body. This is wonderful for dynamic filming of still subjects like landmarks, buildings, or statues. SpinShot - Push the joystick to the left or right to control the rotation of the camera view and create dynamic footage. Perfect for shooting push, pull, and high-angle movements. Compact and PortableCarry your Osmo Mobile 6 on exciting adventures. The compact and foldable design is easy to pack, and with the quick-release magnetic phone clamp, you can get going without the hassle of removing your phone case. Snap-in or out – you're ready to shoot or take a call at a moment's notice. Quick LaunchOsmo Mobile 6 powers on as soon as you unfold it. Snap-in a paired smartphone, and the DJI Mimo app pops up automatically, allowing you to start shooting as soon as inspiration strikes. 3-Axis StabilizationWith 3-axis stabilization, capture smooth, lossless, on-the-move creations that impress and wow. Osmo Mobile 6 integrates DJI's advanced stabilization technology to put strong, stable, shake-free results at your fingertips. Intelligent Features at the Ready A Gimbal With Street SmartsTimelapseWarp time and space with Timelapse, Motionlapse, and Hyperlapse. With simple Motionlapse templates, you can blend beautiful moments into impressive clips. DynamicZoomUse Move In and Move Out modes to get stretching and compressing visual effects to create blockbuster dynamic moves with your phone. Gesture ControlGesture control makes taking a selfie or a group photo easy. Snapping a pic or starting a video has never been this convenient. PanoramaTry three pano modes: 3x3, 240°, or CloneMe are available for your creative vision. Try, and you shall see. Story ModeStory mode provides various templates with matched camera movements, transitions, soundtracks, and more for users to share eye-catching videos with one effortless tap. Custom templates are also available. It's your video, you call the shots. Built-In Extension RodGet everyone in the picture. The built-in extension means no one gets left out. Include more friends, pets, or gorgeous scenery in any shot. Take dynamic selfies from higher or lower angles. Extend the rod to extend the creative possibilities. Quick Switch to PortraitSmoothly switch between landscape and portrait mode by simply pressing the switch button twice. DJI MimoEven beginners can create like a pro. In camera view, tutorials pop up at the start of many features for intuitive instructions and guides so you can get started quickly. ShotGuides - automatically recognizes your scenario and recommends a shot sequence, along with a tutorial for how to get it. Choose from a range of templates, follow the instructions, and shoot like a pro in no time. LightCut AppJump from the DJI Mimo app to the LightCut app, which features AI-powered [one-tap] editing and a range of exclusive video templates. From shooting to processing, it's a one-stop solution truly friendly for new creators. CineGear ME is DJI ONLY authorized reseller in Lebanon.
