Product specification sheet

Product	DJI H20T Hybrid Thermal Camera (Compatible with Matrice 300 RTK)
SKU	DJI-ZH200-T
Brand	DJI
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	$10,000.00
Available quantity	0

Description

HIGHLIGHTS: H20T – Quad-Sensor Solution 20 MP Zoom Camera 12 MP Wide Camera 1200 m LRF 640×512 px Radiometric Thermal Camera “H” For HybridMulti-sensor payloads that bring a whole new meaning to mission efficiency. The unique intelligence and integrated design provideunprecedented aerial imaging capabilities for a range of commercial drone applications. All the Sensors You Need – In OneCapture everything. Up close or from a distance. In true living color or thermal. An integrated laser rangefinder (LRF) measures the distance to an object at up to 1200 m away. A powerful, integrated payload that unleashes advanced intelligent capabilities for DJI’sindustrial drone platforms. Multi-Sensor PayloadsSee the full picture without missing any details wherever, whenever your mission takes place.Seamless User Interface A new integrated user interface lets you quickly switch between wide, zoom, and thermal camera views, and preview the zoom FOV while in wide or thermal camera view.AI Spot-Check Automate routine inspections and capture consistent resultsevery time. Onboard AI recognizes the pre-marked subject of interest in subsequent automated missions to ensure consistent framing.High-Res Grid Photo Frame an area of interest in wide camera view, and the zoom camera will automatically capture a set of 20 MP images of the area. These images are stored together with an overview image that can be viewed in greater detail. Intelligent Ways to Collect DataVisualize Temperatures Immediately Monitor the temperature of a site or an asset to eliminate any risks by acquiring a precise temperature reading from the air. Smart TrackA quick tap marks an object in view, advanced sensor fusion algorithms immediately deliver its coordinates. Identify and follow moving subjects like people, vehicles, and boats with the auto-zoom function, while continuously acquiring the subject’s dynamic location. Spot MeterTap a point to get a real-time reading of the surface temperature. Area MeasurementSelect an area to view the lowest, highest, and average temperatures.
