Product specification sheet

Product	Datacolor Spyder X2 Ultra Colorimeter
SKU	SXU200
Brand	Datacolor
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	$399.00
Available quantity	100

Description

HIGHLIGHTS: Lens-based, expanded X2 sensor capabilities allows for enhanced color/brightness range calibration in today’s HDR/high-brightness monitor market, up to 2000 nits. Ideal for both photo and video, as well as digital design, content creation and HDR content production and consumers with high brightness monitor/advanced calibration needs.
