Description

HIGHLIGHTS 1. High-quality HDMI cable for DSLR, monitor, wireless video transmitter & receiver, etc. with full-sized HDMI ports. 2. HDMI 2.0 and supports resolution up to 4K@60HZ. 3. Ultra-slim design with a 3.6mm outer diameter makes it thinner and softer than a regular HDMI cable. 4. 35cm cable length, perfect for a camera rig. 5. It comes with a cable tie for cable management to make your rig neat.
