Product specification sheet

Product	msi MAG 275QPF E21 27-inch 2560 x 1440 (QHD) 2K 210Hz Gaming Monitor
SKU	gs-49114608959710
Brand	MSI
Category	Peripherals
Minimum order quantity	1
Unit	—
Unit price	$170.00
Available quantity	100

Description

MAG 275QPF E21 MSI: For Gamers & Creators MSI is one of the most trusted names in gaming and esports with countless hours and significant resources invested into premier esports leagues and tier-1 gaming teams. By supporting and working with the best of the best, MSI is able to integrate competitive gaming knowledge and aspirations with technological innovation to create new products that shatter today's performance limits. Stable Foundation, Durably Built Equipped with a 27" WQHD (2560 x 1440) Rapid IPS Panel with a 210Hz(OC) refresh rate & 0.5ms (GtG, Min.) response time, the MAG 275QPF E21 provides a competitive edge & outstanding image quality. The MAG 275QPF E21 features adaptive sync technology, which matches the display & GPU refresh rates for ultra-smooth gameplay. 27" WQHD (2560 x 1440) Rapid IPS panel High 210Hz(OC) refresh rate & 0.5ms(GtG, Min.) response time for high-speed competitive gaming 1.07 billion colors (8-bit + FRC) with incredible gamut (sRGB 121%) VESA Certified DisplayHDR 400 AI Vision & HDMI CEC Profile Sync Less Blue Light & Anti-Flicker technology 4-Way Adjustable Stand HDMI 2.0b (WQHD@144Hz), DP 1.4a (WQHD@210Hz(OC)) display ports 27" WQHD Rapid IPS Panel Features a 27 inch WQHD (2560 x 1440) Rapid IPS panel with 178° wide viewing angles with minimal color shift when viewed from different angles. Rapid IPS panel offers deep blacks and high contrast ratios, which is excellent for game dark scenes. 210 Hz(OC) Refresh Rate, 0.5ms (GtG, Min.) Response Time Experience smoother movement with a high 210 Hz(OC) refresh rate, and unlock the full potential of premium GPU & memory hardware. A low 0.5ms (GtG, Min.) response time dramatically reduces monitor blurring, and is essential for fast-paced games. AI Vision & HDMI CEC Profile Sync MSI AI Vision enriches details in dark areas and optimizes brightness and colors. HDMI CEC Profile Sync supports multiple devices and can automatically detect device settings. AI Crosshair The aim dot automatically changes color, making it visible at any time. If the color of the aim dot overlaps with the background color, it will be problematic for aiming. Less Blue Light & Anti-Flicker technology MSI monitors are optimized with Less Blue Light* technology to provide a superior viewing experience. Anti-Flicker technology** provides a superior viewing experience by reducing the amount of flicker, unlike generic monitors that typically display with a flicker-rate of about 200-times*** per second. *TÜV Rheinland Low Blue Light (Software Solution) Certificate Q 50690822 2025-08-14 **TÜV Rheinland Flicker Free Certificate Q 50690822 2025-08-14 ***Although unnoticeable to the naked eye, this can cause fatigue over time. VESA certified DisplayHDR 400 VESA certified DisplayHDR 400 monitors produce superior detail in darker regions with realistic dynamic contrast that mimics the human eye in the real world. Display colors: 1.07 Billion(8 bits + FRC) sRGB / DCI-P3*: 121% / 95% Contrast ratio: 1200:1 Dynamic contrast ratio: 100000000:1 *sRGB and DCI-P3 follow CIE1976 standard 4-Way Adjustable Stand The monitor frame features a 4-way adjustable Stand: Pivot: -90°\~90° Swivel: -30°\~30° Tilt: -5°\~20° Height: 0\~130 mm The MAG 275QPF E21 supports a standard 100mm VESA-mount* *Enjoy a cleaner desktop and superior cable management with the MSI VESA Arm MAG MT101G (not included). Complete Connectivity PC console & laptop interface options include: DisplayPort 1.4a: 2560 x 1440 (210Hz(OC) max.) HDMI 2.0b (Supports 2560 x 1440@144Hz as specified in HDMI2.0b)
