Description

DeadSkull Racing Wheel Foldable Stand The DeadSkull Racing Wheel Foldable Stand – WS 250 is a compact, sturdy solution for home sim racing that fits Logitech G29, G920 and G923 wheels. Its foldable design and adjustable layout make it easy to store and comfortable for long sessions. Compatibility: Genuine Deadskull product, new — designed for Logitech G29, G920 and G923 models. Secure mounting & shifter-ready: Wheel and pedals attach with screws; includes a dedicated mounting position for a shifter. Adjustable & foldable: Distance between wheel and pedals is adjustable for a custom setup, and the stand folds for convenient storage and transport. Stable, compact design: Robust black frame provides stability during dynamic racing and fits neatly into any gaming space; includes a one-month warranty. Purchase & delivery options: Credit available, taxi-card payments accepted, city delivery offered; stands with seats for wheel and pedals are also in stock.
