Product specification sheet

Product	ATTACK SHARK V3 Ultra-Light Rechargeable Wireless Gaming Mous
SKU	gs-49067004592350
Brand	Attack Shark
Category	Peripherals
Minimum order quantity	1
Unit	—
Unit price	$23.00
Available quantity	100

Description

□PixArt 3311 Sensor □The V3 Mouse with PixArt 3311 high-precision sensor, supporting up to 25000 DPI. Fine-tune DPI with 50-step precision via driver for pixel-perfect control. and 40G acceleration, it ensures pinpoint targeting in every scenario. High-speed response to every movement, ensuring fast and accurate tracking even in fast-paced games. □Ultra-Lightweight Design□only 62g□This gaming mouse redefines comfort during extended play. reduces hand fatigue during long gaming hours without compromising durability. and competitive players facing intense tournaments. □Long-lasting Rechargeable Battery□The V3 Mouse have Large 500mAh Battery Capacity□Its robust battery life also reduces charging cycles, minimizing wear on the charging port and internal circuits for enhanced long-term durability. For wireless users (Bluetooth/2.4G mode), it’s the ultimate upgrade for true wireless freedom—never compromise productivity or gameplay for a dead battery again! □BK52820 Tri-Mode Connectivity□ Customized BK52820 flagship main control chip, in order to meet the needs of different scenarios, V3 gaming wireless mouse supports three different connection modes: wired USB-C, 2.4GHz wireless and Bluetooth mode, providing flexible choices for games and office! □20 Million Clicks□The ultra-long life mouse is equipped with HUANO micro switch, no double clicks. After several months of optimization and adjustment by Huano R&D personnel, the pressure in grams has been reduced to a softer and more flexible feel, and the service life has been increased to 20 million times, making it more suitable for long-term use and can be used for decades.
