Available quantity	100

Description

Tri-Mode Pro Connectivity & Long-Lasting Battery□Enjoy versatile connectivity with wired (USB-C), 2.4GHz wireless, and Bluetooth modes—seamlessly switch between devices using the bottom button. The 2.4G mode delivers esports-level responsiveness with a 1000Hz polling rate, while the built-in 500mAh battery offers up to 65 hours of uninterrupted use, perfect for gaming, work, or study. □Esports-Grade Sensor & Precision Control□Equipped with the flagship PixArt PAW3311 sensor and Broadcom MCU, this mouse delivers pixel-perfect tracking, up to 25,000 DPI, 400 IPS, and 40G acceleration. With 6 adjustable DPI levels and 50° precision tilt control, experience zero-lag performance ideal for FPS and MOBA games. □55g Ultra-Light Ergonomic Design□Weighing only 55g (±3g), the X8SE features an optimized symmetrical shape designed for medium to large hands. Paired with a nano ice-cool non-slip coating and smooth PTFE feet, it ensures comfort, control, and agility—even during long sessions. □80M-Click Huano Switches & TTC Encoder□Built with durable Huano micro switches rated for 80 million clicks, offering crisp feedback and zero double-click issues. The TTC encoder delivers precise, tactile scrolling and quick response—ideal for fast-paced gameplay and daily use. □Intelligent Cloud Driver & Full Customization□Customize your setup effortlessly with the smart cloud-based driver, which auto-detects your system. Remap buttons, adjust DPI, set polling rates (125Hz to 1000Hz), record macros, and more—all without downloading traditional software.
