Description

Marvel’s Wolverine is an action-packed adventure from Insomniac Games, the acclaimed studio behind the Marvel’s Spider-Man series. Created in collaboration with Marvel Games, it delivers an all-new original story based on the legendary comic book character. Logan thought he was finished being Wolverine, but the past wasn’t finished with him yet. Three years after walking out on his team, Wolverine rejoins the mutant task force, Team X, in their darkest hour. Driven by his fanatical belief in human superiority, Bolivar Trask is kidnapping mutants. Only Wolverine has what it takes to save them. In his fight for the future, Wolverine must team up with fellow mutants across the globe through locations like Canada, Japan, and the Marvel island nation of Madripoor. With the fate of humans and mutants hanging in the balance, Logan knows the world needs a hero; however, they’ll have to settle for Wolverine.
