Description

GameSir X2s Type-C Mobile Gaming Controller - Gen 2, Universal Fit - Hall-Effect Joysticks & Trigger, Hair Trigger & Turbo Mode - Gaming Xbox, PC, Call of Duty & Diablo Immortal Retro Design, Modern Performance: Immerse yourself in nostalgic gaming moments with our retro-inspired mobile controller, which seamlessly combines purple and grey tones. Designed to fit even foldable phones, it offers convenience for a variety of gaming setups. Precise and durable: Enhance your gameplay with Hall effect joysticks and triggers to prevent stick drift and ensure smooth freedom of movement. Universal fit: Equipped with an expansion mechanism and enough space on the back for most Android phones and the iPhone 15 series, even those with wide cameras like the Xiaomi 12S Ultra. Cloud Gaming and Remote Play: Play the biggest Xbox, PlayStation and PC games with support for almost all popular streaming apps, including Xbox Cloud Gaming (beta) with Xbox Game Pass Ultimate, PS Remote Play, NVIDIA GeForce Now, and Amazon Luna. Personalize your gaming experience: Comes with two types of thumbsticks: concave and convex. Swap them to customize your controller to your favorite playing style and enjoy maximum performance. Android users can even assign buttons, fine tune the D-pad diagonally, and customize stick and trigger zones via the GameSir app. *GameSir X2s does not support GameSir app on iPhone 15 series.
