Product specification sheet

Product	MSI MAG 255F E20 24.5-Inch FHD 200Hz, 0.5ms, HDR Ready, Gaming Monitor
SKU	gs-48592137060574
Brand	MSI
Category	Peripherals
Minimum order quantity	1
Unit	—
Unit price	$125.00
Available quantity	100

Description

MAG 255F E20 MSI: For Gamers & Creators MSI is one of the most trusted names in gaming and esports with countless hours and significant resources invested into premier esports leagues and tier-1 gaming teams. By supporting and working with the best of the best, MSI is able to integrate competitive gaming knowledge and aspirations with technological innovation to create new products that shatter today's performance limits. MAG 255F E20 Unite as One Equipped with a 24.5" FHD (1920 x 1080) Rapid IPS Panel with a 200 Hz refresh rate & 0.5ms (GtG, Min.) response time, the MAG 255F E20 provides a competitive edge & outstanding image quality. The MAG 255F E20 features AMD FreeSync Premium technology, which matches the display & GPU refresh rates for ultra-smooth gameplay. 24.5" FHD (1920 x 1080) Rapid IPS panel High 200 Hz refresh rate & 0.5ms(GtG, Min.) response time for high-speed competitive gaming 1.07 billion colors (8-bit + FRC) with incredible gamut (sRGB 100%) HDR Ready AI Vision & HDMI CEC Profile Sync Less Blue Light & Anti-Flicker technology Tilt-adjustable stand HDMI 2.0b (FHD@200Hz) , DP 1.2a (FHD@200Hz) display ports 24.5" FHD Rapid IPS Panel Features a 24.5 inch FHD (1920 x 1080) Rapid IPS panel with 178° wide viewing angles with minimal color shift when viewed from different angles. Rapid IPS panels offer clear images with real-time optimized color & brightness to ensure every scene is presented at its best. 200 Hz Refresh Rate, 0.5ms (GtG, Min.) Response Time Experience smoother movement with a high 200 Hz refresh rate, and unlock the full potential of premium GPU & memory hardware. A low 0.5ms (GtG, Min.) response time dramatically reduces monitor blurring, and is essential for fast-paced games. HDR Ready HDR Ready monitors produce superior detail in darker regions with realistic dynamic contrast that mimics the human eye in the real world. Display colours: 1.07 Billion (8 bits + FRC) sRGB*: 100% Contrast ratio: 1000:1 Dynamic contrast ratio: 100000000:1 *sRGB and DCI-P3 follow CIE1976 standard AI Vision & HDMI CEC Profile Sync MSI AI Vision enriches details in dark areas and optimizes brightness and colors. HDMI CEC Profile Sync supports multiple devices and can automatically detect device settings. Less Blue Light MSI monitors are optimized with Less Blue Light* technology to provide a superior viewing experience. *TÜV Rheinland Low Blue Light (Software Solution) Certificate Q 50625794, 2024-04-18 Anti-Flicker Anti-Flicker technology* provides a superior viewing experience by reducing the amount of flicker, unlike generic monitors that typically display with a flicker-rate of about 200-times** per second. *TÜV Rheinland Flicker Free Certificate Q 50625794, 2024-04-18 **Although unnoticeable to the naked eye, this can cause fatigue over time. Tilt-Adjustable Stand The monitor frame features a tilt-adjustable stand: Tilt: -5°~20° The MAG 255F E20 supports a standard 100mm VESA-mount. Complete Connectivity PC console & laptop interface options include DisplayPort 1.2a: 1920 x 1080 (200 Hz max.) 2 x HDMI 2.0b (Supports 1920 x 1080@200Hz as specified in HDMI2.0b)
