Description

Hunt for treasure in a wild adventure! In this single-player-focused game, play as a mechanic working with Deep Cut—a trio of swashbuckling musicians—and venture out into the mysterious Spirhalite Islands! Head out on raids Pick a destination and see what goodies you can find. Fight Salmonids, gather salvage, and uncover the mysteries of the islands. Score treasure Scoop up purdy Spirhalite Crystals and other salvage that you find out there—you never know what might come in handy! Some stages may also contain rare relics that can power you up. You’ll keep everything you pick up on solo raids, no matter what happens. Tinker with your gear Not gonna lie: Salmonids can put up a fight. Use the salvage you recover during raids to craft all sorts of enhancements back at your Hideout Ship. Whether you’re upgrading gear, leveling up weapons, or enhancing home base, every little bit helps! Roll out with your bot buddy One member of Deep Cut will raid alongside you in a powerful bot construct. Aside from helping in battle, you can jump off them to soar to new heights or build up powerful Showstopper attacks. Wield them wisely to unleash absolute heck! Play your way Find your sweet spot with Tourist, Raider, and Survivalist difficulty levels. Change it anytime! Just know that this only affects combat, not the loot you can get. Gear up with amiibo Tap in a Splatoon series amiibo figure (like these) to unlock stylish fits for the Mechanic. Splatoon series amiibo sold seperately.
