Description

Meticulously designed in collaboration with many of the world’s leading esports pros. Engineered to win, being the pinnacle of our continued pursuit for the highest levels of performance Ultra-lightweight at under 63 grams, with hyper-minimal redesign achieving nearly 25% weight reduction compared to standard PRO Wireless mouse Powered by Lightspeed, PRO X Superlight is our fastest and most reliable PRO mouse yet Incredibly precise, fast and consistent control with Hero Sensor, designed from the ground up by Logitech G engineers for the best possible gaming performance Large, zero-additive PTFE feet deliver a smooth glide for a pure, fluid connection with the game. System Requirements-Windows 8 or later, macOS 10.11 or later Available in black and white Note: In case of Wireless mouse, the USB receiver will be provided inside or along with the mouse
