Description

Tap between multiple consoles with two-system PLAYSYNC AUDIO. Play in comfort with an ultra lightweight design. Be heard with the 48 kHz high-resolution microphone and Blue VO!CE enhance sound. Customize the 16.8 million colors in the Astro-themed LIGHTSYNC RGB. MADE TO PLAY Immerse yourself in your favorite games—even if they’re on PS5, Xbox, PC or Nintendo Switch. Astro A20 X lets you switch between 2 systems through PLAYSYNC AUDIO with the tap of a button. That’s on top of the 24 bit LIGHTSPEED audio performance, customizable LIGHTSYNC RGB, lightweight design, and more. PLAYSYNC AUDIO 2-SYSTEM SWITCHING A20 X lets you seamlessly switch between your two favorite systems with the press of the PLAYSYNC button. Immerse yourself in any two combinations of PS5, Xbox, PC, and Nintendo Switch. Simply tap the button to wireless play what you want, on the console you want. ENGINEERED FOR COMFORT ULTRA LIGHTWEIGHT (<300g) All-night gaming session? No problem. Made with plush memory foam, a suspension headband, and constructed with an ultra-lightweight design (<300g), A20 X gives you a barely there feel so you can focus on the game instead of your gear. 48 kHz Full Bandwidth Microphone Sound like a professional with the broadcast quality 48 kHz full bandwidth high resolution boom microphone. The subtle LED indicator on the inside of the mic reminds you when you’re muted so your chat doesn’t wonder if you went AFK.
