Description

All Day Comfort: Relieve ear pressure with soft cushioning and patented Intra-Concha ear tip design that comes in 4 sizes to ensure a stable and comfortable fit during long gaming sessions. Ambient sound seeps through so you are not sacrificing situational awareness. Rich, balanced audio: Experience powerful bass and clear highs for gaming, streaming, and music. Maintain tonal balance for precise in-game cue detection Surround-sound immersion to pinpoint every detail: The built-in virtual surround sound system creates a wide soundstage so footsteps, explosions, and dialogue sound like they’re all coming from exactly where they should. The built-in DPS keeps audio and screen action in perfect sync. Seamless plug-and-play across all your devices: The 90-degree angled USB-C plug bypasses onboard audio solutions for consistent performance across devices. Designed for mobile gaming prevents snags and pulls. These wired earbuds also provide lag-free in game audio and voice chat USB connection. Crystal-clear voice comms, even in noisy environments: The omnidirectional MEMS microphone with noise reduction clearly captures voices from all angles for clear team chat and streaming. It maintains consistent distraction-free clarity while reducing background noise so you can focus on communication – durable and built for any gaming environment.
