## Description

JBL Live Beam 3 Get customized sound without even looking at your phone. Use the controls on the Smart Charging Case of the JBL Live Beam 3 true wireless noise-cancelling earbuds with Hi-Res Audio to adjust all their features without opening the JBL app on your device. Hi-Res JBL Signature Sound makes your music sound rich and exciting, while best-in-class True Adaptive Noise Cancelling tunes out distractions. JBL Spatial Sound makes movies truly immersive. Great sound has never been simpler. JBL Live Beam 3 Hi-Res Audio Wireless with JBL signature sound Each driver is perfectly tuned to deliver deep bass, balanced mid-range, and refined high frequencies—all at any volume level. JBL Spatial Sound makes you feel like you're at a concert as the sound comes from virtually everywhere around you. JBL Live Beam 3 Convenient Smart Charging Case for app-free control You can customize every aspect of your JBL Live Buds 3 earbuds with the 1.45-inch touchscreen display on your Smart Charging Case. The display gives you full control of your sound on any devices - laptop, TV, smartphones, or tablets -, without needing to access the JBL App on your smartphone. JBL Live Beam 3 6 mics for perfect calls you can customize yourself Six beamforming microphones reduce wind and noise interference, so your words always come through loud and clear. And you can create your own calling environment with Personal Sound Amplification's customized ambient sound levels. JBL Live Beam 3 True adaptive noise cancelling with custom control Tune out the outside world entirely or customize just how much ambient sound you decide to let in, with four noise-sensing mics that automatically adapt to your surroundings in real time. The audio compensation filter in the JBL Headphones App even allows you to customize & fine-tune the ANC level.
