Unit price	$45.00
Available quantity	100

Description

Elite AI-Powered Audio: JBL Go 5 Portable Speaker The JBL Go 5 is a performance-first audio solution engineered for enthusiasts and professionals who require legendary sound in the most compact form factor. Driven by a redesigned driver and featuring even deeper bass than its predecessors, this machine is designed to deliver a seriously big sonic presence from the palm of your hand. The ruggedized chassis is built with recycled plastic and is PVC-free, ensuring professional-grade reliability and sustainability for your high-stakes digital experience. Precision Visuals with Mood Lighting: Ambient Edge Lighting – JBL Go 5 The integrated Ambient Edge Lighting delivers the vibrant visual patterns and fluid transitions required to set the perfect vibe. Beyond aesthetics, the lighting system provides essential visual cues for power status, pairing mode, low battery alerts, and Auracast connectivity. It delivers the accurate feedback needed for both active outdoor use and professional workspace environments. Massive Playback and Intelligent Durability: 10-Hour Battery & All-Proof Build Equipped with a high-efficiency battery, this speaker handles up to 10 hours of continuous play time when utilizing the Playtime Boost feature. The Go 5 is engineered to be “all-proof”—featuring full dust and water resistance alongside a drop-proof construction. The system supports seamless multitasking via the JBL Portable App, allowing for custom EQ tuning and firmware updates to maintain optimal hardware performance.
