Unit	—
Unit price	$38.00
Available quantity	100

Description

Vibrant IPS Display: Features a 3.5-inch IPS screen with a 640 x 480 resolution. The IPS technology ensures wide viewing angles and vivid colors for retro titles. Massive Game Library: Comes preloaded with 30,000+ games on a 64GB microSD card. It supports over 20 emulator platforms, including: Consoles: PSP, PS1, N64, NDS, Dreamcast, and Sega Saturn. Classic Systems: Arcade (MAME/NeoGeo), GBA, GBC, GB, NES, SNES, and Mega Drive. Customizable RGB Lighting: Equipped with dual analog joysticks featuring RGB colorful lighting to enhance the gaming aesthetic. Multimedia & Connectivity: Unlike many basic retro handhelds, it supports built-in YouTube and global online multiplayer through integrated 5G Wi-Fi and Bluetooth 4.2. Extended Battery Life: A 3000mAh rechargeable lithium battery provides between 5 to 8 hours of continuous gameplay. Powerful Internals: Powered by an 8-core ARM Cortex-A7 processor (up to 2.0GHz) and 1GB of RAM for smooth emulation performance. Ergonomic Controls: Includes a full button layout with dual 3D joysticks, a D-pad, ABXY buttons, and shoulder triggers (L1/L2, R1/R2).
