Product	HyperX QuadCast 2 – USB Microphone for Gaming, Streaming and Podcasting, with On-Board Controls, LED Lighting, Removable Shock Mount, PC, Mac, PS5, PS4, USB-C - Black
SKU	gs-48261550407902
Brand	HyperX
Category	Audio & Video
Minimum order quantity	1
Unit	—
Unit price	$115.00
Available quantity	100

Description

The HyperX QuadCast 2 USB Gaming Microphone redefines audio excellence for gamers, streamers, and content creators. Designed with cutting-edge technology, this microphone delivers high-resolution studio-quality recordings, capturing the finest audio details with its upgraded 24-bit, 96kHz capabilities. Whether you're streaming live or recording a podcast, the QuadCast 2 offers precision and clarity that ensures your voice resonates perfectly. Its sleek aluminum body, combined with customizable HyperX red lighting, adds a striking aesthetic to any setup. Equipped with a tap-to-mute sensor and intuitive on-board controls, the QuadCast 2 prioritizes convenience and functionality. The multifunction knob provides effortless adjustments to gain, playback, monitoring, and polar patterns, eliminating the need to access software during live sessions. The removable shock mount, featuring spring-loaded pins, ensures easy detachment and compatibility with universal mounts. With four selectable polar patterns, this microphone adapts seamlessly to various recording environments, making it an indispensable tool for professionals and hobbyists alike. Key Features: Hi-Res Studio-Quality Recording: Upgraded 24-bit, 96kHz audio resolution captures the subtle details and nuances of your voice, ensuring professional-grade recordings. Tap-to-Mute Sensor: Instantly mute the microphone with a simple touch, preventing accidental audio interruptions during live sessions. Intuitive On-Board Controls: A multifunction knob allows easy adjustments to gain, playback, monitoring, and polar patterns, providing full control at your fingertips. Mic Status LED Indicator: The LED status light ensures clear visibility of the microphone's active or muted state. Removable Shock Mount: The spring-loaded detachable shock mount reduces vibrations for crystal-clear recordings and offers compatibility with standard mounts. Customizable Lighting: HyperX NGENUITY software enables full customization of the QuadCast 2’s signature red lighting, ensuring a personalized aesthetic. Four Selectable Polar Patterns: Adapt to any recording scenario by choosing from cardioid, omnidirectional, bi-directional, or stereo polar patterns. Technical Specifications: Compatibility: PC, Mac, PS4, PS5, Nintendo Switch, Steam Deck. HyperX NGENUITY software supported. Connectivity: USB 2.0 (full speed), USB-C to USB-C cable with USB-A adapter. Audio Performance: Bit-depth: 16-bit, 24-bit Sampling rates: 44.1kHz, 48kHz, 96kHz Frequency response: 20Hz - 20kHz Polar patterns: Cardioid, omnidirectional, stereo, bidirectional Sensitivity: -7.5dB (1V/Pa at 1kHz) Total Harmonic Distortion: ≤ 0.05% (1kHz/0dBFS) Microphone Element: Three 14mm electret condenser capsules Impedance: 1 Ω What’s Included: HyperX QuadCast 2 USB Microphone 3m USB-C to USB-C cable USB-C to USB-A adapter Quick Start Guide
