Description

Unrivalled responsiveness has never looked this lean. Meet the Razer Huntsman V2 TKL—a tenkeyless optical gaming keyboard with improved acoustics, near-zero input latency, and other high-end features to ensure a compact form factor geared for full-sized performance. Features & details RAZER CLICKY OPTICAL SWITCHES — Enjoy quick, snappy keystrokes that sound satisfying and feel lighter than traditional mechanical switches— with up to true 8000Hz polling rate for lower input latency DOUBLSHOT PBT KEYCAPS — Harder and more durable than regular keycaps, these won’t wear down to a shiny finish and have labels which will never fade thanks to their doubleshot molding process DETACHABLE TYPE-C CABLE — Unpack, plug and play with minimal fuss for all LAN parties and tournaments, as a cable latch ensures that it stays securely connected during gameplay ERGONOMIC WRIST REST — The sturdy wrist support perfectly aligns to the keyboard to relieve pressure on your wrists and feel less fatigued when gaming over long periods HYBRID ON-BOARD MEMORY AND CLOUD STORAGE — Be match-ready regardless of the situation when you can save and activate up to 5 on-board memory profiles, while building a library of macros and settings to call upon with cloud storage
