Description

[Sync Music] With the built-in microphone, 6 music sync modes, create a unique light show, allowing you to enjoy wonderful moments at home parties and home theaters. [Smart APP Control] Enjoy intuitive timing functions, customizable color and lighting effects, and passionate music and scene modes. 24 key 4 music mode infrared remote control, easy to operate. You can also switch the light bar via the 3-button controller, switching between static, dynamic and mic modes. [Easy to Install] With double-sided self-adhesive tape, it is easy to install the wall light to any flat surface without drilling holes and no damage to the wall. [Perfect Gift] This is the perfect decorative gift for friends, family birthdays, anniversaries, holidays, etc. Whether at home or at a party, this wall sconce adds style. [LED Hexagon Lights] Combine them into various shapes according to your imagination, or choose from the recommended designs in the app, you will find more fun. Can be used as a sconce/gaming sconce to create personalized lighting.
