Description

Upgrade your Meta Quest 3/3S comfort with the KIWI design K4 Flex Head Strap. Its wide, adaptive rear support and soft foam padding reduce pressure points for a more balanced fit. The flat-back design lets you lie down comfortably without the usual “headset bump.” Flexible elastic bands create a universal fit for kids, adults, and glasses wearers. Easy to put on, quick to take off, and foldable for travel. Built with certified-safe, durable materials for long-lasting VR comfort.
