Description

Havit HV-SK473 USB 2.0 Desktop Computer Speaker The Havit HV-SK473 USB 2.0 Desktop Computer Speakers deliver surprisingly rich sound from a compact, cube-shaped design that fits comfortably in the palm of your hand. These speakers are perfect for enhancing your audio experience whether you're listening to music, attending calls, or watching videos. Compact and Versatile Design : These cube-shaped speakers are designed to take up minimal space on your desk or table. Despite their small size, they deliver a powerful and well-balanced sound that can easily fill a room. USB-Powered Convenience : The speakers are powered via a USB cable, which can be connected to your laptop or a DC power adapter. This makes them incredibly convenient to use with your computer or any other USB-compatible device. Wide Compatibility : The HV-SK473 speakers can accept sound input from a variety of audio devices, including mobile phones, laptops, and MP3 players, thanks to their 3.5mm input jack. This wide compatibility ensures you can use them with almost any device. Superior Sound Quality : Enjoy clear voice clarity and impressive bass response with these speakers. They boast a frequency response range of 90 Hz to 20 kHz and a power output of 3W per speaker, providing a rich and immersive audio experience. Additional Features : The speakers also allow you to attend calls, adding to their versatility. Whether you’re using them for professional or personal purposes, these speakers are a great addition to your setup. Key Features: Rich Sound in Compact Size: Cube-shaped speakers with a powerful and balanced sound. USB-Powered: Operate via USB cable connected to a laptop or DC power adapter. Wide Compatibility: Works with mobile phones, laptops, MP3 players, and any device with a 3.5mm input jack. Superior Sound Quality: Clear voice clarity and strong bass response. Convenient Design: Compact size takes up minimal space on your desk or table. Product Specifications: Output Power: 3W x 2 (RMS) Sensitivity: 84 dB Impedance: 4Ω Frequency Response: 90 Hz - 20 kHz Power Input: 5V DC power adapter
