Product specification sheet

Product	MOXOM 12 IN 1 PD Power Strip With 4 Socket, 7 USB, 1 Type-C PD And One Key Master Control For Multi Devices 20W 2 Meter - Black
SKU	gs-47938222719198
Brand	Moxom
Category	Accessories
Minimum order quantity	1
Unit	—
Unit price	$20.00
Available quantity	100

Description

The MOXOM MX-ST16 12-in-1 Power Strip is an advanced power solution designed to meet the demands of modern living and working environments. Equipped with 7 USB ports, 1 PD outlet, and a total output capacity of 2500W, this power strip delivers powerful and efficient charging for all your devices. The 2-meter extension cord offers flexibility in placement, while the sleek design ensures it fits seamlessly into any space. Safety is paramount with the MX-ST16, featuring an overload protection system, child safety doors, and an air circuit breaker for enhanced security. This power strip is perfect for both home and office use, providing dual protection against voltage surges and other electrical risks. The integrated Smart IC technology intelligently adjusts the power output for optimal charging, ensuring each device receives the correct amount of power. Key Features: 7 USB Ports and 1 PD Outlet: Efficiently charge multiple devices simultaneously with 7 USB ports and 1 PD outlet, with a maximum output of 32W. Child Safety Door: Designed with child safety in mind, preventing accidental insertion of objects into the sockets. Overload Protection: Automatically cuts off power during voltage surges, protecting your devices from potential damage. Smart IC Technology: The USB ports auto-detect and deliver the appropriate current for each connected device, with a maximum output of 5V/2.4A per port. High Power Capacity: Supports up to 2500W, ideal for powering a variety of devices, from small electronics to larger appliances. Air Circuit Breaker: Provides additional safety by automatically interrupting the flow of electricity in case of an overload. Wide Compatibility: Accommodates electrical adapters and oversized plugs, making it versatile for any setup. One-Key Total Control: Easily control the power strip with a single key, simplifying power management. Specifications: Model: MX-ST16 Input: AC100-250V, 50-60Hz, 10A (MAX) 2500W Output: PD: 5V-3A, 9V-2.22A, 12V-1.67A (20W) QC: 3.6-6V-3A, 6.2-9V-2A, 9.2-12V-1.5A (18W) USB: 5V 2.4A (MAX) Total Output: 32W Functionality: Smart IC Technology Wide Compatibility One-Key Total Control Multi Safety Protection High Power Output High-Quality Construction Extension Cord: 2 meters Maximum Power: 32W Certifications: CE, RoHS The Moxom MX-ST16 12-in-1 Power Strip is a reliable and high-performance power solution, offering advanced safety features and a robust design for powering and charging your devices efficiently. Whether for home or office use, this power strip is designed to provide secure, fast, and flexible power management.
