Description

Still using your old, slow charger? It's time to upgrade. The MOXOM MX-HC163 charger, with its 20W of power and Power Delivery technology, is specially designed to give modern iPhones (iPhone 8 and later) the speed they deserve. Enjoy an ultra-fast charging experience in a compact and stylish design. 20W PD Fast Charging for iPhone: This is the charger you need. Charge your iPhone from 0 to 50% in about 30 minutes, saving you precious time and keeping you always ready. Ultra-Compact, Travel-Ready Design: Thanks to its small size, it slips effortlessly into your pocket or bag. It's the perfect charger to take with you everywhere without taking up space. Advanced Smart Protection: Charge with confidence. Equipped with intelligent protection circuits that safeguard your phone against overcharging, overheating, and unstable currents for extended battery life. Universal Compatibility: While perfect for iPhones, it also efficiently charges any other PD-compatible device via its USB-C port, including Android smartphones and tablets. Don't wait any longer. Get the MOXOM MX-HC163 charger and enjoy the fast and safe charging experience your modern devices deserve.
