Description

PDP Victrix Pro BFG Wireless Gaming Controller for PlayStation 5 – PS5 – PS4 – PC The PDP Victrix Pro BFG is the leading PlayStation esports controller and winner of multiple awards in both Gaming and Tech including: Best Gaming Accessory (Shacknews) , Best Modular Controller (Esquire), Best Gaming Accessory (Gamespot) and 2023 iF Design Award Full Wireless & Wired Compatibility with High Quality Audio – With the Mode Switch, players can swap between PS5, PS4, and PC (using X input) devices. Immerse yourself in the highest audio quality through the audio jack, compatible with Sony PS5 3D Audio Complete Customization – The Left Module can flip 180° to play with the standard PlayStation stick configuration as well as offset sticks. Fans of fighting games can swap in the Fight Pad module, to replace the Right Stick with six microswitch buttons PDP Victrix Pro BFG Firmware Update (PC Only) – Update to extend battery life to 20 hours of play and improve wireless stability. Download the Victrix Control Hub App to program back buttons, re-map face buttons, adjust trigger dead zones, run diagnostics, remedy stick drift and more PDP Victrix Pro BFG Four Mappable Back Buttons & Multi-Position Clutch Triggers – Map back buttons with the LED Profile Button, then save and store up to 3 profiles on the controller. The patented clutch triggers have 5 stopping points for customizable tuning
