Description

he MOXOM MX-TW79 is a Generation 2 TWS wireless earbud set featuring a full-color LCD touchscreen charging case. It offers both Active Noise Cancellation (ANC) and Environmental Noise Cancellation (ENC), Bluetooth 5.4 for stable connectivity, 10-12 hours of playtime, and supports iOS pop-up pairing. Key Features and Specifications: Display Case: The charging case features a smart touch screen for controls, often referred to as Gen 2 technology. Audio & Noise Control: Equipped with ANC (Active Noise Cancellation) and ENC (Environmental Noise Cancellation) for reduced background noise during calls. Connectivity: Utilizes Bluetooth V5.4 for a stable connection within a 10-meter range. Battery Life: Offers approximately 10-12 hours of usage on a single charge, with a 250mAh-300mAh capacity charging case. Charging: Type-C charging port, with a charging time of roughly 2 hours. Design: Lightweight design with a focus on strong bass output. These earbuds are designed for active use, such as commuting or gym sessions, providing a, modern, tech-focused, and, convenient, listening experience.
