Description

The JBL Tune 770NC are over-ear wireless headphones featuring Adaptive Noise Cancelling, up to 70 hours of battery life (with ANC off), and JBL Pure Bass Sound. Released as a modern update, they include Bluetooth 5.3, multipoint connection for two devices, and app-based EQ customization. They are lightweight, foldable, and feature a 5-minute speed charge for 3 hours of playtime. Key Features and PerformanceNoise Cancelling & Ambient Aware: These headphones effectively block out low-pitch, ambient noises like engines, while Transparency/Ambient Aware mode allows you to hear your surroundings.Sound Quality: They deliver JBL's signature bass-heavy sound, which can be adjusted via the JBL Headphones App.Battery Life: Offers up to 44 hours with ANC on, and up to 70 hours with ANC off.Connectivity: Features Bluetooth 5.3 with LE Audio, allowing for stable connections and simultaneous pairing with two devices.Design & Comfort: Lightweight, foldable design, but they may have a tight clamping force, which might feel tight for larger heads. What’s New (Compared to 760NC)Upgraded ANC: Features improved Active Noise Cancelling.Transparency Mode: Now included, unlike the previous model.App Support: Compatible with the JBL Headphones App for EQ settings. The JBL Tune 770NC are considered a strong, budget-friendly option for commuters and travelers.
