Unit price	$300.00
Available quantity	100

Description

Transform your home entertainment with the JBL Bar 2.1 Deep Bass (MK2) soundbar system. This compact yet powerful soundbar delivers an impressive 300 watts of JBL's signature sound, providing an immersive audio experience that enhances movies, music, and gaming. The system features a robust 2.1 channel configuration, including a wireless subwoofer designed to produce deep, resonant bass. With its sleek design, the JBL Bar 2.1 seamlessly fits into any home setup while elevating your audio experience. Equipped with a range of connectivity options, including optical and HDMI inputs, as well as built-in Bluetooth for wireless streaming, this soundbar offers flexibility and ease of use. The inclusion of Dolby Digital and JBL Surround Sound technologies ensures that your entertainment is delivered with cinematic quality, making every moment more engaging and thrilling. Whether you're watching the latest blockbuster or listening to your favorite playlist, the JBL Bar 2.1 Deep Bass (MK2) promises to enhance your audio experience with powerful, clear sound. Key Features: Powerful Sound Output: Provides a total of 300 watts with 2x 50 watts from the soundbar and 200 watts from the subwoofer, delivering rich and immersive audio. Advanced Transducers: Features 4 race-track drivers and 2x 1” tweeters in the soundbar, coupled with a 6.5” subwoofer for deep, impactful bass. Connectivity Options: Includes one optical input, Bluetooth for wireless streaming, and a USB port for easy connection to various devices. Dolby Digital and JBL Surround Sound: Enhances your audio experience with cinematic sound quality, making movies and music more engaging. Compact Design: The soundbar and subwoofer are designed to fit seamlessly into any home entertainment setup without compromising on performance.
