## Description

Get real spatial sound with true Dolby Atmos® and DTS:X height effects in seconds with the JBL BAR 1000MK2 soundbar. Take along one of the wireless speakers whenever you step out of the room, and you'll never miss a thing. The JBL Bar 1000 is designed to transform home entertainment with a cinematic 7.1.4 channel surround sound system. Featuring Dolby Atmos®, DTS:X, and JBL’s MultiBeam™ technology, this premium soundbar creates a 3D audio experience that fills the room with clarity and depth. Two up-firing drivers in the soundbar and two more in the detachable surround speakers ensure powerful, theater-quality sound from every angle. This soundbar system comes with detachable wireless surround speakers and a 10-inch wireless subwoofer, delivering rich bass and immersive audio without the hassle of additional wires. With built-in Wi-Fi supporting AirPlay, Chromecast, and Alexa Multi-Room Music, users can stream over 300 music services in high-definition. Automatic software updates also keep the system up to date with the latest features, ensuring a future-ready audio setup for movies, music, and gaming. Key Features True 3D Surround Sound – Dolby Atmos®, DTS:X, and MultiBeam™ technology deliver immersive cinematic sound. Detachable Wireless Surround Speakers – Battery-powered rear speakers provide real surround sound with easy placement. Powerful Audio Performance – 880W of total output power ensures room-filling sound. Wireless Subwoofer – A 10” subwoofer produces deep and punchy bass. Built-In Wi-Fi Streaming – Access AirPlay, Chromecast, Alexa MRM, and over 300 streaming services. Automatic Software Updates – The system stays up-to-date with new features via Wi-Fi. Seamless Connectivity – HDMI eARC, Bluetooth 5.3, and multiple HDMI inputs for easy setup with TVs and devices.
