Description

HyperX Blast Core Gaming Chair The HyperX BLAST CORE Gaming Chair is the go to choice of seating in the house. The center of your gaming setup. Breathable Dotted Seat – Made for the long run, with the breathable dotted seat design providing a more comfortable gaming experience and allowing you to perform your best in the final minutes of the game. PU Leather – High-end PU material used on all areas of the BLAST CORE, upholstered and finely stitched together, sure to provide a great look over time and fresh out the box. Stitching Detail – Our stitching detail in the cushioning of the seat and supportive backrest of the chair is combined with a sleek carbon fabric material for both a luxurious look and feel. Tilt Mechanism – The butterfly-functional tilt mechanism allows you to tilt back in the seat freely. It provides a smooth tilt when rocking and the ability to lock your chair in the upright position. Velour neck and lumbar pillows – Included with the BLAST CORE you get extravagant velour covered neck and lumbar support pillows. Provides a great feel on skin and is breathable for longer sessions. Easy to place and remove. Adjustable Metal Armrest 1D – The soft-coated armrest go up and down, whether you want to rest your arms when playing with a controller or move them all the way down out of the way.
