Description

Description Embark on a journey at the edge of Japan. Discover a bold, new story of a warrior in Japan who is on a mission of vengeance all her own. Set 300 years after the critically acclaimed Ghost of Tsushima, Ghost of Yōtei is a standalone experience set in 1600s rural Japan. The story follows a haunted, lone mercenary named Atsu. Thirsty for revenge, she travels through the beautiful, rugged landscapes of northern Japan, hunting those who killed her family many years earlier. Sixteen years after her family’s death, Atsu's quest across Ezo brings her to unexplored lands in search of a gang of six outlaws, but she finds much more than vengeance. Throughout her journey, Atsu will discover unlikely allies, and greater bonds than she could have imagined. Features & details Stunning graphics and gameplay, explore the wild and striking lands around Mount Yotei on foot or horseback. Travel picturesque parts of northern Japan through grasslands, snowy ridges, fields of wildflowers, and more. Discover renegade combat, engage in lawless katana combat and battles with adversaires. Train with various sensei as you find and learn to use each new weapon. An unconventional story and journey, take in the cultural beauty of Japan, bathe in an onsen, visit shrines to pray, try Sumi-e painting, and so much more. Choose your weapon, battle Atsu's opponents as you see fit, with levelled-up dual katanas, odachi, kusarigama and other new weapons.
