Description

A GRIPPING AND UNFORGIVING EXPERIENCE WUCHANG: Fallen Feathers is a soulslike, action RPG set in the land of Shu during the dark and tumultuous late Ming Dynasty, plagued with warring factions and a mysterious illness spawning monstrous creatures. Immerse yourself in a rich storyline and breathtaking visuals for an incredible adventure. PRECISION COMBAT Unleash devastating combos by seamlessly chaining melee strikes, spellcasting, and weapon techniques. WUCHANG’s signature Skyborn Might system lets you adapt to enemy threats in real-time, turning every encounter into a test of timing, positioning, and raw skill. PUNISHING BOSS FIGHTS Each boss is a fearsome spectacle of myth and menace. Expect unique move sets, high-pressure mechanics, and visual designs that stay with you long after the battle ends. Victory is never handed out; it's earned through mastery. INNER DEMON SYSTEM: POWER AT A COST The mark of the Inner Demon grows with each kill and death, increasing your attack power while making you more vulnerable. Push too far, and the demon will take form, an unforgiving mirror of your own strength. Defeat it or lose what you’ve gained. YOUR BUILD. YOUR PATH. YOUR LEGEND. Equip a diverse array of outfits, weapons, accessories, and spell loadouts to tailor your approach. Allocate skill points to enhance attributes and unlock powerful abilities, enabling a progression path that reflects your unique playstyle. Defeat formidable bosses and absorb their signature powers. A RICH INTERCONNECTED WORLD TO EXPLORE Journey through a hauntingly beautiful land inspired by Ming Dynasty China, where forgotten temples, cursed villages, and shadowed ruins form a vast, interconnected world. Every path hides secrets, and each shortcut changes how you explore.
