Description

Wireless Wireless + built-in battery. Wired connection between steering unit and foot pedals. Adjustable Sensitivity Change from 270 degree to 180 degree turn ratio on the fly and fine tune other settings such as dead zone, pedal sensitivity and more. Full Size Pedals Dead Zone Adjust the dead zone to your liking. Customize with App Programmable Buttons Description HORI has untethered the top-rated Racing Wheel Apex with the all new Wireless Racing Wheel Apex for PlayStation 5! Wireless technology provides a 32ft range, through the included receiver that plugs directly into your console USB port, to free up all new possibilities for your racing game set up. Charge your wireless racing wheel with the 6.6ft charge cable, that also allows you to play as a wired racing wheel. With onboard controls for navigating menus, paddle shifters to make shifting gears a breeze, and full-size pedals, it has everything you need to race like a pro! The Wireless Racing Wheel Apex clamps securely to your table or racing wheel stand with a sturdy clamp and steel screw pin. Switch from 270 degree to 180 degree turn ratio on the fly and fine tune other settings such as dead zone, pedal sensitivity and more. The future of racing peripherals is here, find it with the all new Wireless Racing Wheel Apex for PlayStation 5, PlayStation 4, and Windows 11/10. Officially licensed by Sony.
