Description

Compatible with Nintendo Switch 2 Joy-Con 2025 version. 4-Port for Fast Charging: The Nintendo Switch 2 charging dock features a unique triangular design that allows you to charge up to 4 Joy-cons controllers at the same time and recharge them in just 2.5 hours. Group play won't cut out, making gameplay more enjoyable. Magnetic Quick Charge: Nintendo switch 2 dock features a magnetic charging design that makes it easy to align and securely place the controllers, making Joy-Con charging even more convenient. The LED indicators show the charging status of each Joy Con in real time, with green for fully charged or standby and orange for charging. 7 RGB Light Effects: The nintedo switch 2 controller charging dock provides 7 RGB lighting effects, including fast/slow breathing light, RGB flowing light cycle and 4 monochrome lights (green, white, red, blue). A long press on the RGB button toggles the 7 RGB lighting effects, while a short press turns off the RGB lights and charging indicator. Create an exclusive gaming atmosphere by your own preference. Plug & Play Design: The magnetic design aid allows the Joy-cons controller to be put in easily for more stable charging, and it can also be automatically adsorbed and aligned when placed casually and charged immediately. Safe & Reliable: This switch 2 accessories is equipped with a smart protection chip to prevent over-current, overheating, over-voltage and short-circuit, making your Nintendo Switch 2 Joy-Con accessories safer and longer-lasting, perfect gaming gift for your friends and family.
