Product specification sheet

Product	DOBE Charging Dock For PS5 Dualsense Controllers & Edge Controller - TP5-1501S
SKU	gs-47000257036510
Brand	Dobe
Category	Video Games
Minimum order quantity	1
Unit	—
Unit price	$10.00
Available quantity	100

Description

TP5-1501S charging station is specially designed for fast charging for PS5/PS5 DualSense Edge controllersIt can quickly charge 2 for PS5/PS5 DualSense Edge controllers at the same time (90% of the power supply uses fast charging, 10% uses constant voltage trickle charging, it takes about 3 hours to fully charge)There are two charging indicators corresponding to the two charging slots. When the controller is charging, the indicator light is orange. When the controller is fully charged or the charging station is unloaded, the indicator light is blueThis product uses a smart chip to detect the charging status, connects to an external DC power supply of specific specifications, and supports high-current fast chargingSpecifications:Input voltage: DC 5VOutput voltage: DC 5.1V/700mA*2Charging time: about 3 hoursNote: When the power for PS5/PS5 DualSense Edge controller reaches about 80% or higher, if the controller is removed and then plugged in, the controller may not be able to charge due to the battery protection function; only the controller's power is lower than 80%, it can be charged.
