Description

Size:120"60 Lifting height: 72-117cm Size:140"60 Lifting height: 72-117cm The E1 Racer is the ultimate desk for the gamer looking for a sit-stand workstation. It boasts a stunning carbon fiber textured desktop capable of handling your most demanding gaming setups with ease. It is powered by a buttery smooth motor capable of handling 330 pounds and silently raising it to an ergonomic standing position. Equipped with an anti-collision sensor and anti-shock protection, this desk has it all. Adjust the height of your desk with a simple push of a button or use one of the four presets to program your desired height. Organize your desk with two provided cable management grommet holes and a storage box capable of storing a power strip for an unparalleled cable management system. Take advantage of the health benefits of standing while at work or while gaming with the Eureka E1 Racer today. Features Height Adjustable -Switch from sitting to standing with the touch of a button and watch the impressive motor quickly and quietly raise the desk to your desired position. Hand Controller -Equipped with four programmable presets for multiple users and positions. Large Surface -The 60-inch carbon fiber textured desktop has more than enough room to fit most gaming setups and looks great while doing it. 330 Pound Weight Capacity - This desk is ready and able to handle even the most demanding setups. Cable Management -This desk is equipped with tons of useful cable management features including two grommet holes and a storage box capable of holding a power strip Color: Black Single motor two-section adjusatble desk Lifting height: 720-1170mn Maximum load:60kg Children's lock
