Description

Take hold of a sleek new gateway to your PS5® games* with the PlayStation Portal™ Midnight Black remote player. Description Play your PS5 console over your home Wi-Fi with console quality controls using PlayStation Portal Remote Player.* Experience the incredible immersion of DualSense wireless controller features like haptic feedback and adaptive triggers in supported games.**** Put your game collection on PS5 in the palm of your hand— PlayStation Portal Remote Player can play compatible games you have installed on your console** without needing to play on a TV. Features & details Put Your PS5 in the Palm of Your Hand - PlayStation Portal Remote Player gives you access to the games on your PS5 over your home Wi-Fi*, letting you jump right into gaming without needing to play on a TV. Play Your Game Collection - PlayStation Portal Remote Player can play compatible games you have installed on your PS5 console, including your favorite games for PS5 and PS4.** Experience Breathtaking Immersion with DualSense Wireless Controller Features - Feel the incredible immersion of haptic feedback and adaptive triggers in supported games.**** Beautiful 8” LCD Screen - Take in every exquisite detail of your favorite games as they come alive on a brightly lit and gorgeous full HD screen. 60fps Capable at 1080p Resolution - PlayStation Portal Remote Player can deliver silky smooth gameplay at up to 60fps with high image clarity on its 1080p resolution screen.*** *PlayStation Portal Remote Player can stream compatible games installed on your PS5 console. PlayStation Portal Remote Player requires broadband internet Wi-Fi with at least 5Mbps for use. For a better play experience, a high-speed connection of at least 15Mbps is recommended. The quality and connectivity of your play experience may vary depending on your network environment. A PS5 console and account for PlayStation Network is required. The PS5 console must be connected to a broadband internet connection, powered on fully or in Rest Mode, and it must be paired with your PlayStation Portal Remote Player. ** Games that require a VR headset (PlayStation VR or PlayStation VR2) or additional peripherals (other than a DUALSHOCK 4, DualSense, or DualSense Edge wireless controller) are not compatible. Games that must be streamed on PS5 using a PS Plus Premium membership are not compatible. Haptic feedback and adaptive trigger features available when supported by game. *** Individual game performance will vary based on the specific game being played, and the quality of connectivity in your network environment. ****Haptic feedback and adaptive trigger features are only available when those features are supported by the game being played.
