Description

Welcome to the streets of New York City, where the best pizza and human-mutant chaos reigns. It's up to the Turtle brothers to restore the peace in Teenage Mutant Ninja Turtles: Mutants Unleashed! New mutants (or as the Turtles coined them, Mewbies) have been doing well to be accepted by the citizens. But that all changed when some mutants began wreaking havoc. From the sewer to the skyscrapers, no corner is safe from the mess oozing through the city. It's got TCRI corporation written all over it. Now, it is up to the fearless four to unleash their unique ninja skills and stop the madness before the human-mutant relationship they worked for goes down the drain. Use that adrenaline pumping through your veins to save the city, and enlist the help of April and Splinter. Whether you are a seasoned ninjutsu master or a ninja in training, you can get through this new action-packed brawler game playing solo or in local co-op mode. Set in the Mutant Mayhem universe, it's filled with action, humour, and nostalgia.
